You are here: h2sdl (Location-ID)

Hochschule Magdeburg-Stendal
Campus Stendal
Osterburger Str. 25, 39576 Stendal

This is how guest registration with ViLog.Care works

1. Scan the QR code with your smartphone or enter the URL in your browser.

2. Enter your correct guest data.

3. Show staff the registration result on your smartphone.

Your advantages if you perform guest registration with ViLog.Care:

1. **Your data will be stored protected** from unauthorized access by third parties. Even the owner cannot access your data.

2. **Your data will be stored 100% data protection compliant** and **will be deleted** within the Storage period automatically **after 6 weeks**.

3. **Requests for information** from the public health department will only be answered **after individual check is answered**, so that your data does not fall into the wrong hands.

With your registration you declare that you have no visible symptoms of COVID-19 disease, that you have had no concious contact with infected persons in the last 14 days or that you come from a risk area. If you cannot confirm one or more of these statements, you must stay away from the campus until you have received medical clarification from a doctor or the health authorities.
With your registration you assure that you have told the truth and have not concealed any information about suspected cases. You are aware that an affidavit is a confirmation of the accuracy of your statement. A false affidavit can have legal consequences (§§ 156, 161 StGB).

Privacy policy
Due to the SARS-CoV-2 Containment Ordinance of the State of Saxony-Anhalt we are legally obliged to collect the above mentioned personal data from our guests and to save them. The processing of these data is carried out in accordance with Article 6 paragraph 1 letter c of the General Data Protection Regulation GDPR. We are legally obliged to keep your data for another 4 weeks after your visit and will destroy them after 2 months at the latest. Upon request we have to transmit your data to the responsible health authority. We have taken additional precautions to ensure that your data is safe with us during this period. Your data id stored and protected against unauthorized access.

If you have any questions, please contact:
