Student Report - Studying Abroad

This report on your experiences provides valuable information for the ERASMUS+ programme at Magdeburg-Stendal University of Applied Sciences, which will both benefit future students and contribute to the continuous improvement of the programme. We are very grateful for your cooperation in preparing this report.

Please send the report with your original signature (only on the printed version) no later than 14 days after the end of your study period abroad:

1. **By mail to Magdeburg-Stendal University of Applied Sciences, International Office, PO Box 3655, D-39011 Magdeburg**

   AND

2. **By e-mail to nancy.brosig@h2.de**

Please not that the report (the text) should be at least 2 DIN A4 pages long. You are welcome to insert additional pictures (in jpg format).

Please also note that, in additon to this report, the EU online participant report must also be completed, for which you will receive an invitation by e-mail.

Information about the host institution
Name of host institution: City, country:
Information about the student
Surname, name: Course of studies and study cycle (Bachelor/Master): E-mail address:
Duration of study period abroad
From: To: (please indicate exact dates)

1. Preparation (planning, organisation and application to the host university):
How did you prepare yourself for the host country (culture, mentality, language) and the stay (accommodation, travel, formalities, course selection/learning agreement, etc.)? What sources of information did you use? Did you find the reports of former students useful? What was the application procedure like at the host institution? Were there any problems? Did the host institution inform you about the application etc. in good time? How useful was the support offered by the International Office of Magdeburg-Stendal University of Applied Sciences and the host institution? What could be improved?

2. Accommodation:
Accommodation type, price, qualiy, organisation process, tips

3. Studying at the host institution:
General support, support concerning actual studies, range of courses, choice of courses, course content (brief description and evaluation), Was the range of courses offered at the host institution a useful addition to the studies at the home institution? Language problems/language courses, equipment and accessibility of the institution (library, computers, lecture halls, accessibility by public transport, etc.), general impressions of the partner institution, contact with other students (international, local) during their studies, Were there any contact-promoting events organised by the host institution? Were the local students open to foreign students?

4. Everyday life and leisure:
Possible activities, general impressions of the city, contact to other (international, local) people during leisure time, What should students bring with them?, other tips for subsequent students

5. Conclusion:
Comments and recommendations, best and worst experience

- ⊙ I agree that this report and my e-mail address may be passed on to future students.
